Principal Investigator  
Maria New, M.D.

NIH

Dear Sir/Madam,

The project entitled **ANDROGEN METABOLISM IN CHILDHOOD** includes activities involving human subjects. This project, which includes 3 subprojects, was reviewed at convened meetings of the Institutional Review Board of the Mount Sinai School of Medicine on **8/3/2004** and **8/17/04** in accordance with our assurance to the Department of Health and Human Services **FWA # 00005656**. The subprojects "**PROJECT #1 HYPO-HYPERADRENAL STATES**" and "**PROJECT #3 PRENATAL DIAGNOSIS AND TREATMENT**" received final IRB approval on **9/2/2004**. The subproject "**PROJECT #2 LOW-RENIIN HYPERTENSION**" has not yet received final approval pending resolution of an investigation into the GMP status of the injectable cortisol.

Sincerely yours,

  
Jeffrey H. Silverstein, M.D.  
Chairperson  
Institutional Review Board
